

Be Part of the SSSCD Celiac Recognized Unit of Excellence (CRUE) Program!

The Celiac Recognized Unit of Excellence (CRUE) recognizes medical units that demonstrate a sustained commitment to delivering high-quality celiac disease diagnosis and care. Recognition is based on excellence in unit policies, credentialing, staff training and competency assessment, and quality improvement practices. Participation in the CRUE connects units across North America committed to advancing celiac care. Patients can be confident knowing their treatment is provided by teams that meet rigorous education and quality standards established by SSSCD and the Celiac Disease Foundation.

Benefits:

- SSSCD Directory Listing
- Celiac Disease Foundation Directory Listing
- Social media promotion on SSSCD and Celiac Disease Foundation channels
- Opportunity to promote academic research and events via Celiac Disease Foundation and SSSCD channels
- Coordinating collaboration with pharmaceutical companies on new / ongoing celiac clinical trials
- Annual networking forum for collaborating on projects, events, and research ideas with other CRUE
- Digital certificate, approved language, and graphics that units can share with hospital leadership, referring providers, and institutional communications teams
- Opportunities to have team members participate in the Celiac Disease Foundation's symposiums and virtual education programs

Be Part of the SSCD Celiac Recognized Unit of Excellence (CRUE) Program!
